

AMERICAN NOTE DISCUSSED IN PRIVACY

UNITED STATES HAS NEVER GIVEN CONSENT TO JAPANESE MANDATE

Reservation Taken On Ground That Island of Yap Has Important Bearing on Cable Communication--Members Will Confer With Governments--Summary of Note.

PARIS, Feb. 23.—The American note respecting mandates occupied the council of the league of nations throughout the day. The note was discussed in the strictest privacy and the council decided this evening to issue only a brief summary for public negotiations.

The note deals specifically with the mandate attributed to the emperor of Japan over all former German islands in the Pacific north of the equator and calls attention to the fact that the United States government has never given its consent that the island of Yap be included in the territory under Japanese mandate.

The reservation is taken on the ground that Yap has a very important bearing in the matter of cable communications and that no power can limit or control its use.

The United States declares itself not bound by the terms of the mandate and asks that the question be submitted to a new investigation.

Conferences Necessary.

Members of the council consider it necessary to confer with their governments regarding the American note, and it is therefore considered unlikely that any decision will be reached at this session. It was suggested this afternoon that the whole matter might be referred to the supreme council as it is declared that it was in reality that body which attributed Yap, along with other Northern Pacific Islands, to Japan, and this was the principal point raised in Secretary Colby's note.

Further than this, it is expected that the council will merely acknowledge receipt of the note and give assurance that it will be dealt with thru the proper channels.

The summary follows:

"The Government of the United States declares it seizes the occasion to send the council of the league a copy of a note addressed to Earl Curzon (British foreign minister) on November 20, stating forth in detail the views of the United States on the responsibilities of mandatory powers.

"A copy of that note has been sent to the French and Italian Governments. The United States Government draws the attention of the council to the request made in that note that the projects of mandates intended for the society of nations, before they were submitted to the council be communicated to the United States Government, and that it have precise indications of the principles on which the United States conditioned its approval.

"The United States Government has received the text of the mandate attributed to the Emperor of Japan over all former German islands, situated in the Pacific Ocean north of the equator, which text was approved by the council of the League December 17 in Geneva.

Has Never Given Consent.

"The United States Government declares it has never given its consent that the island of Yap be included in territories subjected to the mandate of Japan.

"It recalls that it has already so informed the Governments of Great Britain, France, Italy and Japan, informing them at the same time that its reservation rested upon the opinion that Yap enters necessarily into any project or system of practical communication by cable in the Pacific that no power can limit or control its use.

"Consequently the United States Government is moved to declare respectfully that it cannot regard itself as bound by the terms of said mandate and desires particularly that note be taken of its protest against the decision of the League council of December 17 on this question. At the same time it asks the council whose action resulted evidently from an incorrect presentation of the facts to submit the question to a new investigation which an equitable solution requires."

JUMP OF LUMBER PRICES IS REASON FOR COURT ACTION

Yellow Pine Soars from \$6.41 to \$30.35 in Two Years Time

MAXIMUM PRICE WAS FIXED IN 1918

ST. LOUIS, Mo., Feb. 23.—Charging violation of the Sherman anti-trust law, the government today filed in federal district court here injunction proceedings against the Southern Pine association, 61 corporations and 69 individuals.

Granting of a permanent injunction for the purposes specified would amount to dissolution of the association it was explained. The suit alleges that the association has operated to curtail production and to enhance prices and that as a result profits on sales of yellow pine lumber have increased from \$6.41 a thousand feet in 1918 to \$30.35 in 1920.

Judge Paris set March 15 for a hearing and directed the district attorney to prepare an order for the defendants to show cause why the injunction should not be granted.

Establishes Maximum Prices.

The petition asserts that because of the rapidly increasing prices for yellow pine lumber the price fixing committee of the war industries board established maximum prices for such lumber which were in legal effect on and after June 15, 1918.

"The defendants," the petition continues, "concocted and adopted the plan that those maximum prices should be regarded as in fact minimum prices and frequently exceeded these prices."

"The government, explaining the reported process of operation of the association declares the 'defendants' conspiracy consists in artificially restricting production to less than the volume of orders and shipments," for the purpose of creating a shortage of product, which "enables the prices to be further enhanced."

Schwartz Arrives From Soviet Russia

Has Message From Russia He Will Deliver to Senate and House—Does Not Know Russia Now.

NEW YORK, Feb. 23.—Morris Schwartz, a socialist, whose wife died at Revel after incarceration in a Russian prison, returned today on the Steamship Aquitania with the announcement that he had "a message from Russia to the United States which I shall deliver to the members of the American Senate and House of Representatives."

Repeating his denunciation of Bolshevism widely quoted while he was abroad, Schwartz asserted that he had lived in Russia for 30 years, but that after his recent visit, "I can say that I don't know Russia now."

"On going to Washington in a few days I shall see President Wilson if he is well enough to see me, and also Secretary Colby," he said.

The socialist party of the United States had denied the statement that Schwartz went to Russia as its representative.

CHILD FOUND MOTHER DEAD

Pontiac, Ill., Feb. 23.—The 10-year-old son of William Green, aged 43, retired farmer, came home from school today and found the bodies of his mother, Mrs. Nellie Green, aged 40, and his father lying on the floor of the living room of their home both mutilated by gunshot. A twelve gauge shotgun lay beside the father. The mother's breast had been pierced by shot. Her neck showed finger marks. Police say the father was morose, evidently shot the mother and then took his own life.

WITNESS TELLS OF SHOOTING OF DETECTIVE FELTS

Isaac Brewer Says He Was Shot by Sid Hatfield

WITNESS TURNS STATE'S EVIDENCE

WILLIAMSON, W. Va., Feb. 22.—Sensational testimony by Isaac Brewer a former defendant in the Matewan shooting case, featured the trial today of the 19 men who were indicted on charges of being implicated in the killing of a Baldwin-Felts detective. Charges against Brewer in connection with the case were dismissed recently and reports were to the effect that he would turn state's evidence.

The court room was crowded when he took the stand and told about the fight in which ten men met death. The witness testified that a short time before the battle he met Sid Hatfield, chief of police of Matewan and one of the defendants. The Baldwin men evicting miners' families from coal company houses during the day, he said, and when he met Hatfield the latter remarked that Mayor Testerman, who was killed in the fight, refused to issue warrants for the arrest of the private detectives.

The police chief suggested to him, Brewer added, that they "get a bunch of men and go into the hills and kill those Baldwin men as they come out of the hollow."

Threatened Mayor.

Hatfield also told him that "the mayor, 'messed around' in his business he would 'cut him in two with a bullet,' Brewer testified.

When the battle started, Brewer said he was in a hardware store in front of which Mayor Testerman and A. C. Felts, a Baldwin man were killed. Felts, Testerman and C. V. Cunningham, a private detective were in the doorway, the witness said, adding that Sid Hatfield, who was in the store said to him: "let's kill every one of them."

Brewer said he stepped back and Hatfield shot Felts. The latter had no weapon in his hand, Brewer added.

"I was pushed forward after the first shot I heard was fired," he continued, "and then I was shot by Cunningham. I attempted to draw my pistol after being wounded. I was shot again in the hand as I got out."

The witness said he did not know who shot Testerman. Brewer said that after being shot in the hand he felt, but that later he looked out the door and saw Hatfield and William Bowman, a defendant, standing over Felts, who lay on the pavement. Bowman shot the prostrate detective and said, "now I guess you'll die," Brewer testified.

Defense counsel questioned the witness as to why he turned state's evidence and Brewer replied that he did so because he had been told that he would be blamed for killing Felts. He said he was related to two of the attorneys for the prosecution.

Just before he left the stand Brewer said Hatfield informed him that if anyone turned state's evidence, "a short horse is soon curried and that he would kill him."

WILL HOLD EXAMS FOR ARMY OFFICERS

Over Two Thousand Second Lieutenants to Be Named.

WASHINGTON, Feb. 23.—Examinations for the appointment of 2,585 second lieutenants to the army will be held beginning April 25, the war department announced today. The examinations will be distributed among the various branches, the majority being in the infantry and field artillery. Examinations will be conducted under the provisions of the army reorganization act and will be competitive. Corps area and post commanders will receive applications.

"These examinations will not in all instances now existing," an announcement said.

FORMER ACTOR ESCAPES FROM FEDERAL PRISON

FEEL THAT CABINET QUESTION IS JUST AS GOOD AS SETTLED

Those Close to President-Elect Feel All Will Accept

HARDING REFUSES TO MAKE ANY COMMENT

(By The Associated Press) ST. AUGUSTINE, Fla., Feb. 23.—Altho formal acceptance still were to be received tonight from three of the men selected for membership in President-elect Harding's cabinet, the feeling of those close to Mr. Harding was that the whole question was as good as settled.

Despite some published reports about the attitude of Herbert Hoover, chosen for secretary of commerce, there was no evidence of apprehension here regarding his final decision.

A formal acceptance from James J. Davis, selected for the navy portfolio, expected shortly, and Edwin Denby, Mr. Harding's choice for secretary of the navy is on his way here for a conference that is believed certainly to seal his appointment. Mr. Denby is to see the president-elect Friday.

Would Make No Comment.

Regarding none of these selections would the president-elect make any comment today. Except for the two appointments already definitely announced it is regarded as unlikely that Mr. Harding will make known any of his cabinet selections officially until inauguration day. It is understood that a positive decision has been reached to have George B. Christian, Jr., who has been Mr. Harding's private secretary for the past six years continue in that capacity.

Another who will probably become a part of the White House official circle as physician to the president, at least for a time, is Dr. C. E. Sawyer of Marion, who has accompanied Mr. Harding on practically all trips since his nomination for the presidency.

He is expected to go to the capital at inauguration time but it is understood that the question of remaining there depends largely on his own inclination and has not yet been finally decided.

Today Mr. Harding spent several hours in seclusion at his office working on his inaugural address. He saw no callers.

HARDING WILL USE HISTORIC BIBLE

One Used at Washington's First Inaugural Will Be Furnished by St. John's Lodge No. 1, A. F. and A. M.

WASHINGTON, Feb. 23.—President-elect Harding plans on taking the oath of office March 4 to read the bible that was used at the first inauguration of George Washington.

In accord with Mr. Harding's wishes, it was arranged today with the St. John's Lodge No. 1, A. F. and A. M., of New York City for the use of the bible. It will be brought to Washington by a committee of Masons.

So far as the records show this will be the fourth occasion on which there has been a departure from the usual custom of having the clerk of the supreme court furnish the bible used in an inauguration.

President Cleveland insisted that the bible given him by his mother be used at both of his inaugurations and President McKinley when first sworn in agreed to use a copy presented by a body of African bishops. The bible that Washington kissed was borrowed from St. John's lodge on the day Washington was inaugurated after officials in charge of the ceremonies found that there was no bible in the federal building.

The bible is the property of this lodge and has been carefully preserved.

PINE ASSOCIATION TO MEET IN CHICAGO

New Orleans, La., Feb. 23.—The board of directors of the Southern Pine Association will meet in Chicago next Tuesday to determine what action shall be taken in regard to the injunction proceedings filed today by the government in the federal court at St. Louis according to an announcement by J. E. Rhodes, secretary-manager, tonight.

Mr. Rhodes declared the association has not and does not intend to regulate prices and control production in any manner.

PASS AGRICULTURAL BILL IN FACE OF GREAT OPPOSITION

Smoot Objects to Duplication in Departments

ADD SEVERAL LARGE ITEMS TO BILL

(By The Associated Press)

WASHINGTON, Feb. 23.—Over a running fire from senators who presented detailed objections to its proposals for increased expenditures, the senate tonight passed the agricultural appropriation bill, carrying approximately \$41,000,000 for the operation of that department for the year beginning next June. This amount is nearly \$9,000,000 in excess of appropriations for the current year and almost \$6,000,000 in excess of amounts allowed by the house, to which it was sent for conference after the senate action.

"I am going to ask the next secretary of agriculture to go thru this bill as soon as he takes office and take out of it all the appropriations that allow work to be duplicated by two and sometimes more departments of the government," Senator Smoot, Republican, Utah, declared.

"This must stop, congress has got to show the departments of this government that two and three of them cannot ask public money to be spent for doing the same kind of work, over and over again, simultaneously and year after year. One trouble is that different bureaus are enabled to go before different congressional committees and duplicate the appropriations in different bills."

"I hope the senator from Utah won't stop at the agricultural department," Chairman Wadsworth of the military affairs committee interrupted. "We find the war department getting money in two or three different bills."

Larger items added by the senate to the agricultural bill included \$150,000 extra for wood utilization experiments at Madison, Wis., \$100,000 for weather bureau forecasts for aviation; \$114,000 for road materials investigations of foreign markets for farm products; one item allowed by the committee, \$20,000 to assist in utilization of food fishes was stricken out.

LAW SHOULD STOP ALL BETTING ON BASEBALL

Judge Landis Says Its Arm Should Be Long Enough to Reach Into Bleachers and Grand Stand.

(By The Associated Press) BOSTON, Feb. 23.—The arm of the law should be long enough to permit it to reach to the bleachers and stands at baseball parks and call to account all who bet on games, in the opinion of Judge K. M. Ladd, baseball's supreme arbiter. Judge Landis, in a letter received today by Representative Hugh J. Lacey, of Holyoke, commenting on the latter's bill in the legislature to penalize players or others participating in the throwing of games, said he thought the offense should be a felony with a penalty of from two to five years imprisonment.

Mr. Lacey's bill provides a years' prison sentence or a \$500 fine, or both.

The provisions of the law should extend to all betters, large and small, Judge Landis said. If there is no betting there will be no bribing of players, he added.

WILL TEST AUTHORITY OF I. S. COMMISSION

Washington, Feb. 23.—The number of states that will join with Wisconsin in the suit before the supreme court to test the authority of the interstate commerce commission to regulate state railroad rates has been increased to 42, John E. Panton, general solicitor of the National Association of Railroad Commissioners announced today. The case is set for hearing Monday.

NATIONAL OFFICERS SPEAK AT CONVENTION

Peoria, Ill., Feb. 23.—Officers of the National Association of Underwriters from all parts of the country spoke here today at the one-day life insurance sales congress of the organization. Orville Thorpe of Dallas, Texas, president of the National Association, addressing the meeting, said that approximately \$1,000,000,000 annually is now being deposited for life insurance premiums, representing the thrift of the American people.

NEW DECLARATION OF PRINCIPLES IS MADE BY ORGANIZED LABOR

Ask Enactment of Law Declaring Labor Organizations are Not Co-Partnerships—Realize the Consequences Fully—Step Was Taken in Defense of American Freedom

(By The Associated Press)

WASHINGTON, Feb. 23.—Enactment by congress of a law declaring that labor organizations are not co-partnerships and shall not be so treated in law or in equity, is demanded by organized labor in a declaration of principles adopted tonight by representatives of national and international unions affiliated in the American Federation of Labor.

The declaration which was approved after an all day conference here at which Samuel Gompers, president of the federation presided also called for the immediate restoration of exemption from or the repeal of all anti-combination and so-called conspiracy laws.

Condemning the use of the injunction under present laws the declaration asserted that the only immediate course, thru which labor could find relief "lies in a flat refusal on the part of labor to recognize or abide by the terms of the injunctions which seek to prohibit the doing of acts which the workers have a lawful and guaranteed right to do."

Realize Consequences.

"Labor realizes fully the consequences of such a course," it added, "but in the defense of American freedom and American institutions it is compelled to adopt this course, be the consequences what they may."

Organized Labor set forth at length the principles for which it stands and calls upon the people of the United States to rally with labor "to the defense of our imperilled American institutions."

Employers are warned in the declaration that labor not only insists upon maintaining the present standards of wages and working condition but declares its solemn purpose to continue its struggle to further improve these standards.

The declaration charged "some employers" in the United States with supporting "at times in secret some of the insidious propaganda of radical European 'fascism' because of their common antagonism to the trade union movement."

"There is an unscrupulousness and a natural aptitude for intrigue in this fanatical propaganda," the statement said, which makes it a most subtle menace to every democratic ideal and institution in our country."

Ask Repeal of Laws.

Repeal by the state of all industrial court laws and all restrictive and coercive laws was demanded, together with freedom from decisions of courts holding trade unions and individual members thereof liable in damages for the unlawful acts of others.

"The declaration also called upon the workers to 'resist all efforts to destroy the trade unions whether by false pretense of the open shop, the usurped authority of courts thru writs of injunction or otherwise."

"We call for united support in the protection of standards of wages and conditions already gained," the declaration added, "and we summon the workers to continued efforts to increase the consuming power, raise the standards and improve the conditions of life and work."

HOPPE WILL NOT PLAY BELGIAN EXPERT

Philadelphia, Pa., Feb. 23.—R. B. Benjamine, manager of William Hoppe, billed champion, announced here tonight that he had withdrawn the forfeit of \$2,500 which he recently posted in Chicago with Edouard Horeman, Belgian expert, and that the match would not be held as the principals could not come to terms.

LIFE JOURNEY OF MRS. WOODALL ENDS

Passes Away at Our Savior's Hospital After Illness of Long Duration—Resided for Many Years in Winchester.

Mrs. Ellen Ring Woodall for many years a resident of Winchester and wife of William Woodall, died at Our Savior's hospital at 5:15 o'clock Wednesday afternoon. Mrs. Woodall had been in failing health for the past two years and had been a patient at the hospital for the last four months.

Decedent was the daughter of Jeremiah and Anne Ring and was born in County Limerick, Ireland in 1841. She was seven years of age when her parents came to this country and almost immediately settled in the vicinity of Winchester.

At the age of eighteen years she was united in marriage in Winchester to Daniel Dolan who died many years ago. To this union was born three children.

February 20, 1876, she was united in marriage to William Woodall and three children were born to this union. For many years they made their home on a farm six miles southeast of Winchester.

In 1887 the family moved to Winchester to reside. That city was her home until the death of Mr. Woodall, March 17, 1916. She then came to this city to make her home with her daughter, Mrs. Daniel Keating, who gave her a daughter's loving care in the declining years of her life.

She is survived by the following children: Frank Dolan Winchester; Mary, wife of Calvin Love, Carthage; Bridge, wife of James O'Brien, Winchester; Margaret, wife of Daniel Keating, Jacksonville; two sons, James and Charles, Robert Woodall preceded her in death.

There also survive three brothers, Jeremiah Ring, Winchester; William and James Ring, Murrayville; seventeen grand children and three great-grand children.

Mrs. Woodall thru the long years of her life, was a devout member of the Catholic church and was ever faithful in her church attendance so long as health permitted.

Funeral service will be held from St. Mark's Catholic church in Winchester, Friday morning at 10 o'clock in charge of the Rev. J. C. Bell.

CANAL WILL BE BENEFIT TO MIDDLE WEST

Rochester, N. Y., Feb. 23.—That the proposed canalization of the St. Lawrence river will release middle western states from the curbs in their development now imposed by inadequate rail transportation and eastern port congestion was urged before the chamber of commerce here today by Charles J. Craig of Duluth, vice president and executive director of the Great Lakes-St. Lawrence Tidewater association and by Dr. R. S. McElwee, director of the federal bureau of foreign and domestic commerce.

The west is only ten per cent developed, Mr. Craig said, and further development must await until some more direct means of reaching the world's markets can be devised than the present method of shipment by rail to the east and trans-shipment there.

Dr. McElwee said that in the time now occupied by the rail shipment and trans-shipment of western goods to the east, a shipload of goods loaded at Duluth passed thru the proposed waterway would be half way across the Atlantic.

JUDGE ASKED TO SETTLE CONTROVERSY
Chicago, Feb. 23.—Federal Judge George A. Carpenter was asked today to settle a dispute between factions of creditors of the Cotton Transmission company, of Rockford, Ill., against which a petition in bankruptcy was filed last month.

At that time, Arthur Fisher of Rockford was appointed referee in bankruptcy to hear the case. He then appointed the Rockford Trust company as receiver. Many of the creditors objected to this action and sought the appointment of the Central Trust Company of Illinois as receiver. After hearing both sides today Judge Carpenter decided that the creditors should hold an election in his court March 7, to decide which of the two companies should be made receiver.

The Value of Names

—A name may stand for everything or it may stand for nothing.

—The "Jacksonville Tailoring Company" is only a group of words. Our shop could be called just as well the Athens Tailors.

—Names, however, when they stand for service, for the actual reputation of a concern, built up through years of consistent service to a customer, mean everything.

—The management of the "Jacksonville Tailoring Company" has built a reputation which has placed a value upon its firm name.

—When you see that name you know that it means a place in which reliable clothing is made and sold upon honest terms—a place to which men return again and again to buy because of the sound business principles found in the shop which its name designates.

OLD FASHIONED BOY

AT THE GRAND TOMORROW

The last word in motion picture production will have been spoken when the latest Ince-Paramount production, "An Old Fashioned Boy," starring Charles Ray, is presented at the Grand theatre for two days, commencing tomorrow. The picture carries off honors as the first photo play photographed without an iris to those who may be unfamiliar with the technical terms of a studio, an iris is explained as the "fade-out," which, generally, is seen at the conclusion of each episode and which, to the screen, is the same as the lowering of the curtain on the stage.

Wide interest has been aroused over the unusual quality of a picture without an iris, in that hitherto producers have affirmed that it was necessary to use the iris or "fade" to indicate a turn of events or a transition of action.

Agnes Christine Johnson, author of "An Old Fashioned Boy," asserts that this effect may be gained by the use of contrasting scenes, which would suggest a love scene or a quiet bit of human interest after the exciting or intensely dramatic "action" sequences.

Without the iris, the action of "An Old Fashioned Boy" is continuous and audiences will enjoy the novelty of witnessing the unfolding of the entire story without a "break" or "fade."

CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 517 G. Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

De Laval Cream Separator

The World's Greatest Cream Saver

It is doubtful if in any other industry, any single brand of merchandise or make of machine stands out head and shoulders so far above all others or is held in such universal esteem as is the DeLaval Cream Separator in the dairy field.

It has a greater capacity and skims the cream closer than any other separator. It is easier to turn and easier to wash than any other.

More DeLaval are sold each year than all other makes combined. More than 2,500,000 are in use daily.

All this evidence of its superiority should convince you that this is the Separator you should buy.

DO IT SQUEEZE BLACK-HEADS—DISSOLVE THEM

Squeezing and pinching out blackheads—like the pores large and small—irritate the skin, too, after they have become hard you cannot get rid of them out. Blackheads are caused by accumulations of dust and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from any drug store about two ounces of calomel powder—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition—anyone troubled with these unsightly blemishes should try this simple method.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work people afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do not hurt, but calm down, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 15c and 30c a box.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back, joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

ARGUMENT ENSUES OVER POWERS OF R. R. LABOR BOARD

Right of Board Challenged by Erie Railroad Company

CASE BRINGS OUT DIVERSIFIED ARGUMENT

(By The Associated Press)

WHAT MADE THE CHANGE?

This Woman says Lydia E. Pinkham's Vegetable Compound Made Her a New Woman

Pittsburgh, Pa.—"Before taking Lydia E. Pinkham's Vegetable Compound I had bearing-down pains so badly I could hardly stand up. I was white and very thin and nervous, had a poor appetite and only weighed 112 pounds. I took ten bottles without missing one dose and gave it a fair trial. When I finished the last bottle everyone asked me what made the wonderful change in me. I told them about Lydia E. Pinkham's Vegetable Compound and I recommend it wherever I can. I give you permission to publish this letter to help suffering women as your remedies are a godsend and made a new woman of me."—Mrs. F. A. BAKER, 4749 Butler St., Pittsburgh, Pa.

Why will women drag around day after day, suffering from backache, bearing-down pains, nervousness and "the blues," enduring a miserable existence when they have such evidence as the above that Lydia E. Pinkham's Vegetable Compound is a dependable remedy for such troubles. For nearly forty years this grand old root and herb medicine has been restoring the women of America to health.

road against their employer before the board today. The petition of the employees charged violation of the act and of decisions of the labor board. Representatives of the road denied both. The case resulted from an order of the board, Feb. 1, reducing common labor wages and deducting one day's pay a week from the salaries of all employees paid on a monthly basis.

Most of the argument centered about whether a ruling of the board on Feb. 12, ordering the road to make no change in wage rates was compulsory upon the road, which had already put a reduction into effect. During testimony, R. S. Parsons, general manager for the road, was asked by Henry T. Hunt, public member of the board, whether the road's position meant that it would not obey the orders of the board.

Says Road Can't Obey.
"We can't do it," Mr. Parsons replied. "We want to do everything possible to go along with the board, but I don't know what we would do if the board issued impossible orders."

Samuel Adams, attorney for the Erie, explained the road's attitude on the transportation act from the legal standpoint and denied the power of the board to continue the rates of its decision No. 2, (July, 1920) until a hearing had been held and a decision reached. He questioned the enforcement powers of the board and declared its powers were confined to the establishment of just and reasonable wages. This sweeping denial of authority in the hands of the board brought from U. S. Bratton, attorney for the employees a denunciation of the railroad's stand and the declaration that if there was no authority to enforce the board's decision as contended by Mr. Adams, the employees would endeavor to find a way to make the Erie pay.

The case brought out the most diversified argument yet offered in any hearing before the board over wage matters and when the case was concluded late today, the board had a mass of argument ranging from its legal powers under the transportation act to the prevailing rates of common labor in Youngstown, Ohio, to consider before arriving at a decision.

MEREDITH ADDRESSES CINCINNATI MEETING

Secretary of Agriculture Says Situation Confronting Farmers Is Serious.

Cincinnati, O., Feb. 23.—Secretary of Agriculture Edwin T. Meredith today addressed two meetings of business men and farmers in this city. He pointed out that the agricultural situation was serious stating that although the farmers produced the greatest crop in history in 1920, it was worth \$5,000,000,000 less than the crop of the preceding year.

He urged meeting in credit, better transportation facilities, the regulation of marketing machinery to prevent sharp practices and spoke of the possibilities of short time credit. He also advocated higher prices for farm products. In reciting the achievements of his department he said that \$250,000 was spent in introducing durum wheat in this country and the crop last year was valued at \$50,000,000.

He further said that his department spent \$20,000 to introduce rice growing in California and the crop was valued at \$21,000,000 and that from the \$40,000 expended for the introduction of Egyptian wheat in the arid southwest a crop of \$20,000,000 developed.

Secretary Meredith stated that while the number of farms in Ohio was reduced from 272,000 in 1910 to 256,000 in 1920 the mortgages on the farms increased from 220,000 to \$287,000,000 in that same period. He also asserted that Ohio farmers lost \$200,000,000 the past year as a result of the shrinkage in crop values.

Open Shop Would Bar Union Men

WASHINGTON, Feb. 23.—The open shop movement was declared to be a campaign for a "shop" that shall be closed to union workmen, and primarily a campaign designed to destroy trade unions and to break down and eliminate the whole principle of collective bargaining. Alleged unscrupulous financial speculation and profiteering were vigorously denounced in the declaration.

"It is astounding... true" the declaration continued, "that even after so great a lapse of time since the ending of hostilities there is so far as the average family is concerned practically no reduction in the high cost of living."

Government Impotent.
"We declare again that the government has been and continues impotent in the face of criminal operation of profiteers and must therefore accept the responsibility for a great portion of the indignation and resentment of the people against those who have filched their pockets for no reason except that they have had the power to do so. The present state of unemployment described as depriving fully three and one half million working people of the opportunity to earn a living was traced to the maladministration of industry and principally and primarily because of the studied and calculated arbitrary policies of reactionary employers."

"Every reduction of wages is a reduction in the consuming power of the wage earners it was stated and a direct blow at the prosperity and well being of the country."

Then the establishment of industrial courts, the employers were charged with seeking to inject into American industrial life

advice thru which they may annul constitutional guarantees and deprive workers of freedom and of the right to function thru their organizations. It should be the purpose of the government to stimulate our industrial processes, continued the document.

Demands Repeal of Laws.
"It should be the purpose of government to make voluntary negotiation more easily entered into. If, on the other hand, all of the safeguards set up in our constitutional legal structure for the protection of the workers are to be destroyed by judicial construction as the vitality of the Clayton act has been destroyed then labor demands the immediate repeal of all that body of laws known as anti-combination and conspiracy laws. The conference also asked for public support and recommendations of

"Right of the working people of the United States to organize into trade unions for the protection of their rights and interests. The right to practice collective bargaining by trade unions thru representatives of their own choosing. The right to work and to cease work collectively."

The declaration in conclusion urged enactment of federation legislation "which shall protect the workers in their organized capacity against the concept that there is a property right in the labor of a human being."

A proposal that there be included in the declaration a demand upon congress for the repeal of the Volstead act was declared to be out of place in such a document. This matter was then referred to the executive council of the federation which will make a report tomorrow at the conference.

SEVEN MEET DEATH IN MINE FIRE

DUQUOIN, Ill., Feb. 23.—Seven men are believed to have lost their lives in a fire that has been raging in the Kathleen Mine at Dowel, five miles south of here, since 2 o'clock this afternoon.

The fire which is believed to have been caused by an electric wire coming in contact with a canvas curtain, started in a gallery about a half mile from the shaft, imprisoning the men who were at work. Rescue teams have been unable to get near the fire on account of the heat and gas. Officials of the company said the men believed lost are, Edward O'Brien, 30 years old; Jacob Valerius, 19; James Paris, 35; Thomas Wahl, 45; Adam Klebecky, 40; Elmer Kirkpatrick, 30, and Brown Smith, 37.

The mine is owned by the Union Collieries of St. Louis.

E. FLAT REVOLUTION REPORTED IN PANAMA

Panama, Feb. 23.—The reported invasion of Panamanian territory by Costa Rican forces resulted this morning in the dispatch of armed troops numbering sixty under General Manuel Guintero, to the frontier village of Coto District-alanga, province of Chiriqui.

The governmental advices available are indefinite. The Costa Rican Consul, Tomas Jacome, declared this evening that the reported invasion probably had some connection with the commission which the Costa Rican government is sending to an island near Coto District-alanga for the purpose of investigating a report that North American soldiers were entering Costa Rican territory. It is unofficially stated that the Costa Ricans entering Panamanian territory probably are political refugees.

ALPHABET MARTENS ISSUES STATEMENT

London, Feb. 23.—A Moscow wireless despatch received here tonight gives a statement made by Ludwig C. A. K. Martens, the former Bolshevik, unofficial ambassador, who was recently expelled from the United States.

Martens said his expulsion was due to the "Wilson group," and was not an expression of the will of the American people, even the Senate.

With Mr. Harding as President, the policy of the American Government toward Russia would be materially changed, he declared.

The American commercial houses already were preparing to trade with Russia.

THREE MORE ARRESTED IN BURLINGTON ROBBERY

Council Bluffs, Iowa, Feb. 23.—J. A. Davis, his wife and Hiney A. Reed were indicted today for alleged complicity in the Burlington mail car robbery here November 13 last, when bonds amounting to \$2,000,000 were stolen nearly all of which has been recovered. Reed have confessed complicity and are serving sentences and three fore cases are before the grand jury. The Davys and Reed pleading not guilty were remanded today by Judge J. J. Wade without bond.

Rochester, N. Y., Feb. 23.—Ed (Strangler) Lewis, heavyweight wrestling champion, defeated Dick Daviscount of Texas here tonight in a match in which the use of Lewis' favorite hold, the headlock, was barred. Lewis won the first fall in 1:44:50 with a hammerlock and a double wrist-lock after wearing Daviscount down with a series of wristlocks. The champion won the second fall in 17 minutes and thirty seconds with a body and arm hold.

RAILWAY EMPLOYEES PROTEST AGAINST WINSLOW MEASURE

B. M. Jewell Telegraphs Protest to President Wilson

INTENT IS SORDID AND SINISTER

(By The Associated Press)
CHICAGO, Feb. 23.—A protest against the Winslow-Townsend bill which would allow the Government to make partial payments to the railroads of money due them under the terms of the guarantee given during federal control was telegraphed to President Wilson today by B. M. Jewell, president of the railway employees department of the American Federation of Labor.

The bill was passed yesterday in the Senate after being favorably acted upon in the House and now goes to the President for his signature. The message charged that the roads, under a threat of a complete break-down of the transportation industry are unwilling to levy a tribute of hundreds of millions of dollars on the treasury of the United States and adds that, "we insist that the railroad owners shall not be permitted to enjoy the financial benefits of the transportation act and of this proposed amendment until they have demonstrated their willingness to guarantee the human rights of their workers."

"A million and a half railroad workers protest against the Winslow-Townsend bill being permitted to become a law," read the message. "The sordid selfishness and sinister purpose of those who control the railroads of the United States have been revealed clearly in the recent proceedings before the railroad labor board in the public utterances of the railroad executives and in their demands on the Government."

FISH BY TONS IN CANAL ZONE

Washington, Feb. 23.—They fish with 1,000 foot dredges down in the Canal zone and figure the catch in long tons. When the gates of the Bolsona dock were opened recently to admit a vessel according to the always thrifty Canal Record, a school of 800 swam in. The dock workers got away with all they wanted. The commissary got 100 pounds, sold at 11 cents a pound and between two and three tons more were shovelled overboard with a crane.

"Most of them," the Record adds, "recovered and swam away."

FARM EXTENSION WORK INCREASES

SPRINGFIELD, Mass., Feb. 23.—Reports of leaders in agricultural extension work in ten eastern states at the opening of a three days' conference here today showed that extension work has made marked progress during the year. The rapid turnover in the personnel of farm bureau staffs has been a hindrance but has been somewhat offset by the more favorable attitude of the farmer toward such organizations. State agricultural organizations were agreed to be operating on a more practical and efficient basis with better results.

FIX WHEAT TARIFF AT 35C BULLETIN

Washington, Feb. 23.—A compromise agreement fixing the tariff on wheat at 35 cents a bushel was reached today by senate and house conferees considering the Fordney emergency tariff bill. The wheat schedule was one of the principal stumbling blocks of the conferees.

The bushel rate was 30 cents per bushel and the senate 40 cents. The agreement on 35 cents was said to involve the question of the difference in the rate of exchange.

MINISTER ADVOCATES OPEN CHURCH FORUM

BUFFALO, N. Y., Feb. 23.—An open forum under the auspices of the church, where unsolved social, industrial and political problems may be discussed was advocated by the Rev. John Thompson of Chicago at today's session of the council of cities of the Methodist Episcopal church.

"The rights of capital and labor and the larger rights of common humanity should be properly interpreted under the shadow of the church," he said. "Much hatred that exists between those groups is due to misunderstanding, mistrust and blind prejudice."

The Rev. Harrison Franklin Hall of Evanston, Illinois, prescribed old-fashioned religion as an antidote to the paganism which is sweeping the civilized nations.

"The most dangerous paganism today is not in pagan lands but in the midst of so-called Christian nations which neither recognize or understand the Christian ideal," he said.

TWO BIG R. R. LOANS PAID

Washington, Feb. 23.—Payment of two loans to railroads totalling \$1,100,000 was announced today by the treasury. The New York, New Haven & Hartford railroad was advanced \$700,000 and the Ann Arbor railroad company received \$400,000. This makes a total of \$182,193,637 in loans made to the carriers to date by the treasury from the \$300,000,000 revolving fund created by the transportation act.

Tired Out?

Do you know that languidness, that "awful tired feeling," heaviness, lame or weak back, sore muscles, stiff or swollen joints, rheumatic pains, lumbago, in the great majority of cases, indicate kidney trouble?

Foley Kidney Pills

act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to a healthy condition.

Mrs. Robert Blair, 401 S. 20th Street, Terra Haute, Ind., writes: "I suffered two years with kidney and bladder trouble frequently getting backache. Mornings I would arise feeling very tired and having headaches, and see floating specks before my eyes. I saw Foley Kidney Pills advertised and made up my mind to try them. After taking them a few weeks I found my trouble dissipated. The backache stopped and my kidneys were restored to healthy, normal action. I am also free of those tired spells and headaches and my vision is no longer blurred. My recovery is entirely due to Foley Kidney Pills, which I gladly recommend."

CROSS CONTINENT IN FAST TIME

Mail Flight Made in 33 Hours and 20 Minutes—Record Two Hours Faster Than Goal Set.

Hazlehurst, N. Y., Feb. 23.—Pilot E. M. Allison descended at Hazlehurst Field at 4:50 o'clock this afternoon with several pouches of mail from San Francisco.

The plane left the Pacific coast with another plane later wrecked in Nevada at the same time that two planes started west from Hazlehurst in a test ordered by the postoffice department in the hope of establishing a new record for mail carrying planes.

Victory in the simultaneous trans-continental flights therefore goes to the eastward bound team, as one of the planes leaving Hazlehurst was forced to alight yesterday near Dubois, Pa., and the other stopped at Chicago.

Pilot Allison used the same plane that left San Francisco at 4:30 o'clock yesterday morning. The time consumed in crossing the continent was 33 hours, 20 minutes, beating by more than two hours the goal set for the coast-to-coast dash.

A Stubborn Cough
Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2 1/2 ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way you get a full pint—a family supply—of much better cough syrup than you could buy ready made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for 1/2 ounces of Pinex with full directions. And don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

ORIGIN OF TERMS FARM
AND FARMER RECALLED

Chicago, Ill.—In this day of unprecedented farm organization and development, it is not ed here that the very words farm and farmer grew out of the first "rural revolution."

As told in a history of the English people it is shown that it came about in the fourteenth century. In describing the Peasants' Revolt, 1377 to 1381, the history states:

"The Lord of the Manor instead of cultivating the demesne thru his own bailiff, often found it more convenient and profitable to let the manor to a tenant at a given rate payable either in money or in kind."

"It is this system of leasing, or rather the usual term for the rent, it entailed (feorm, from the Latin, firma) that we owe the words farm and farmer, the growing use of which make the first step in the rural revolution which we are examining."

WEEKLY AMERICAN LEGION NEWS LETTER

The convening of an American conference in every state, followed by the assembling of a national Congress, to be attended by Americanism directors, and representatives of schools, industries, and various civic and patriotic societies is on the program of the Americanism commission of the American Legion for 1921. The Legion's plan was formed as a result of an Americanism conference in Massachusetts, which was held under the auspices of the Bay State Legionnaires.

To provide funds for the maintenance of a Salvation army hospital for unemployed veterans, the American Legion in St. Paul, Minn., the world war veterans and the St. Paul Trades and Labor Assembly will unite in the production of a benefit entertainment. The Legion's decision to co-operate with the union members was made at a post meeting addressed by a prominent Minnesota labor official.

Unified action in bringing about better conditions for disabled veterans of the southwest was insured at a meeting of post commanders and adjutants of the Arkansas, Colorado, Texas and Oklahoma Departments of the American Legion at Dallas, Tex. The southwestern conference was established as an annual affair, the next meeting to take place at Oklahoma City, Okla. Dr. Guy O. Shirey, commander of the Texas department, was elected permanent chairman of the organization. Among the speakers at the convention was Russell G. Creighton, assistant national adjutant.

American Legion members, scattered over the world, continue to band together. The latest application for information in regard to establishing a foreign post came from the island of Ceylon, where two members of Akron, O. Post, have decided to organize the ex-service wanderers. The nearest posts to Ceylon are located at Singapore and Yokohama, more than a two week's journey away.

A fighting chaplain quoted scripture to the members of the Missouri legislature in behalf of a boxing bill which the American Legion is pushing in that state. The quotation which was made by the Rev. Earl A. Blackman, is from Paul in the ninth chapter of Corinthians. It is: "I am a boxer and I hit hard and straight, not as one who beats the air, but I buffet my body."

A survey of street conditions was made by the public welfare committee of Woodhaven, N. Y. Post of the American Legion in co-operation with local authorities. American history, civics and English are being taught to foreigners in evening classes conducted by the Woodhaven Post as a part of a campaign to naturalize every alien in the community.

To inform the world "where my heart is" Miss Alice Robertson, the new congresswoman-elect from Oklahoma, attended a dance of Muskogee, Okla. Post of the American Legion. Miss Robertson, who is an ardent church worker, took sides with the Legion when a Muskogee minister assailed the Legionnaires for condemning Sunday blue laws.

The "dead line" for payment of American Legion dues has been fixed for February 28. The names of members who fail to pay on or before that date will be stricken from the subscription lists of the American Legion Weekly.

Miss Mizetta McCoy of Salina, Kan., has been selected as state secretary of the Kansas department of the Women's Auxiliary of the American Legion, which has established headquarters at the state office of the Legion.

A tour of Europe for \$635, with emphasis on the battlefields of France will be conducted under the auspices of Hyde Park Post No. 34 of the American Legion this year. The itinerary will include Switzerland, England, Belgium and France. Reservations may be made through the Hyde Park Post.

Indiana members of the American Legion are investigating a proposal to establish a Legion state monthly magazine. Following authorization by the state executive committee.

Upon the finding of an honorable discharge from the army in the clothing of Ed Foley, of Clinton, Ia., who had been buried in a potter's field, June Van Meter Post of the American Legion obtained permission to exhume the body so that it could be reintroduced with military honors. Foley was killed in a quarrel at a Clinton hotel.

The palms of Florida do not bend to the ex-service man without funds, according to advice from that state. A number of American Legion posts in that state have gone into debt to take care of job hunters and now Legionnaires warn their buddies that jobs are scarce.

BEARDSTOWN MAN
FOUND DEAD IN CAR

Clifford Jokisch Meets Death from Asphyxiation in Refrigerator Car—Body Found at Council Bluffs, Iowa.

Beardstown, Feb. 23.—Rudolph C. Jokisch of this city received word tonight that his son Clifford Jokisch and an unknown companion were found dead in a refrigerator car at Council Bluffs, Iowa today.

The car in which the men were found was one containing a fruit shipment from Hood River, Oregon. The car was heated with charcoal burners and the fumes from the charcoal asphyxiated the men.

Jokisch was identified by means of letters from his father which had been written to him while he was in Los Angeles, Calif. At first it was thought the men were brothers from their similarity in appearance but later laundry marks on their clothing indicated otherwise.

The dead man was 22 years of age and was born in this city. He served in the navy during the world war and after receiving his discharge returned to his home here. Last November he went to Los Angeles, Calif.

Recently his father had written him to come home but had heard nothing from him and did not know he had left Los Angeles until word of his death was received from Council Bluffs today.

ILLINOIS PLAYS
BRADLEY TONIGHT

Meets Strong Peoria Five on Home Floor—Defeated Team Here by Close Score.

Coach Harmon will take his Illinois College basketball five to Peoria this afternoon and tonight they will meet the strong Bradley five on the Bradley floor.

Bradley recently played here and Illinois won by a close score. Since then the Bradley five has been going fine and has victories over Normal and Eureka to her credit. Illinois will have to play her best to win the game.

Illinois will lay off Friday night and will remain in Peoria. Saturday the men journey to Eureka where another hard game faces them with that team. Illinois lost to Eureka here in an overtime game and will try to reverse the decision Saturday evening.

Coach Harmon will take on the trip the following men. Farrell, Antrobus and Harney forwards. Mellon, center. Cully, Jones and Davis guards. Brown has been suffering from a bad foot and it developed that an abscess had formed. This has now broken and it is hoped that he will soon be able to play.

SOLDIER REPORTED
DEAD RETURNS

By The Associated Press.

LAURETTE, Ga., Feb. 23.—Fred Williams who went away to war in 1917, will return home in a few days to find his "body" buried here, his war insurance policy paid and his bride, the wife of another.

This was the situation disclosed today when Mrs. Grace Robertson received a brief telegram from New York signed by her first husband, saying he had landed and was coming home as soon as possible. There was no explanation of his long silence.

The war department reported Williams killed in action soon after he went to France, paid his widow his insurance and then "soldier's" body here as his Williams' wife whom he married but a few months before he left, mourned his death for a while and then married a former sweetheart, Joseph Robertson.

JEWELL'S MESSAGE
REACHES WHITE HO

Washington, Feb. 23.—The telegram of R. M. Jewell, president of the Railway Employees' department of the American Federation of Labor requesting a presidential veto of the Winslow bill was received at the white house late tonight. It will be brought to President Wilson's attention tomorrow it was said.

The Winslow bill which would authorize partial payments to railroads from the government guarantee fund reached the white house from the capital during the day and was sent to the interstate commerce commission for a report. The treasury department will be asked for a decision later.

Why Are Skin Diseases So Difficult to Overcome

When your skin breaks out with itching eruptions, tetter, rash, eczema, psoriasis, or other terrible disorders, very often the pain comes so intense, and the discomfort so thoroughly unbearable that you are willing to try almost any remedy that you think will give you some measure of relief from the torture.

But temporary relief will do you little good, for soon all the itching and irritation breaks out fresh with renewed fury and you realize that local remedies such as ointments, salves and similar treatment will never rid you of your trouble.

It will not be so difficult to rid yourself of skin diseases if you will but realize that these troubles originate in the blood, and if you expect real substantial relief you must treat them thru the blood.

The best remedy for this purpose is S.S.S., the fine old blood remedy that purifies the blood of disease germs, and thus restores the skin to a normal and healthy condition.

Begin taking S.S.S. today, and write a complete history of your case, and our medical director will give you expert advice without charge. Address Chief Medical Adviser, 820 Swift Laboratory, Atlanta, Georgia.—Adv.

WHITE HALL HAS WASHINGTON PROGRAMS

The Washington birthday function in the basement of the First Baptist church Tuesday evening exceeded the fondest expectations of the promoters both in point of attendance and in the splendid character of the program. The sum realized from admission fees is to be applied to the creation of a fund for the erection of a new church building. The box social at the Benear school house was another happy function. The display of curios and antiques at the residence of Dr. A. W. Foreman, under the auspices of the Domestic Science Club for the benefit of the public library, was continued thru Wednesday. The collection proved to be one of exceeding interest and of educational value.

HAVE THOUSANDS OF DISCHARGE CERTIFICATES

The Morgan County Chapter American Red Cross office has received the following information from the finance officer, U. S. Army, Washington, D. C. "This office has in its file six thousand six hundred discharge certificates which have been held for many months awaiting the receipt of proper post office addresses to enable their return to the owners."

A list was sent the Red Cross giving names of the owners, organizations to which assigned, and in some cases their serial numbers, as a final effort to notify the men whose names are listed thereon that their discharge certificates are being held by the finance office, and that the same will be forwarded to any address designated by them, immediately upon presentation of sufficient data to permit of proper identification. Any ex-service men, who have not had their discharge returned after filing claims can call at the Red Cross office in the library building and see if their names are on the above mentioned list and application for their discharge certificate can be sent thru the Red Cross.

The finance department also reports their office has in its vaults 4,800 Liberty Loan bonds of the second, third and fourth issues subscribed for by officers and enlisted men thru the army allotment system. Although payment for these bonds has apparently been completed, delivery has been impossible because proper shipping instructions have never been received from the allotter.

Every possible effort has been made to notify the allottees concerned that bonds to which they were entitled were being held awaiting their delivery instructions, and many thousands of cases have been settled in this manner.

A list giving names of subscribers, organizations to which each belonged at the time of subscription and the issue of bonds for which each subscribed, has been sent to all Red Cross offices in an effort to reach these men. The Morgan County Chapter will gladly help any ex-service man to apply for bonds, that they have not received.

WHITE HALL RESIDENT IS INJURED BY FALL

Mrs. S. N. Griswold Fractures Hip by Fall at Home in White Hall Sunday — Mrs. Dora Teeple Breaks Arm in Fall.

White Hall, Feb. 23.—Mrs. Seth N. Griswold, noted over this section of the state for philanthropy, is in a serious condition as the result of a fall last Sunday evening when her foot became entangled in her skirt. It developed that her hip was fractured by the fall, and she has suffered constantly since the accident. Her age is 71 years. She and her husband presented Whiteside Park to the city of White Hall, which benefaction is increasingly endearing their names to the people of this community and there is consequent general solicitude over the condition of Mrs. Griswold. She was being attended by Mrs. Dora Teeple of Roodhouse. Tuesday night Mrs. Teeple fell and broke an arm, there now being two patients in the Griswold home.

KARO FUDGE
2 squares (or ounces) Chocolate
1 1/2 cups Cold Milk
1/2 cup Karo (Red Label)
1 teaspoon Vanilla
2 tablespoons Mazola
2 cups Granulated Sugar

Grate the chocolate, and add all the ingredients except the vanilla. Cook slowly, stirring once in a while. Cook till it makes a soft ball in cold water (requires about five minutes after actually boiling). Remove from fire, add the vanilla, and beat until it begins to granulate. Pour at once into a well oiled with Mazola. Mark deeply when nearly cold.

FORMER RESIDENT
FILLS NEW POSITION

Dr. A. B. Middleton Now President
of New American Legion Post at
Poniat—Post is Pioneer in
New Movement

A recent issue of the Chicago Evening Journal contained an article referring to the recent formation of the Aarvig-Campbell post No. 78 of the American Legion at Poniat. A great many local residents will be interested in the new organization, as its first president is Dr. A. B. Middleton, formerly of this county and now a resident in Poniat.

The new post is a pioneer in a new movement, for it is the first to perfect a county organization. The purpose of forming such a unit which will supervise all activities in Livingston county, is to assure harmony and closer cooperation between the legionnaires. The new organization is made up of eleven units, representing nearly 2,000 ex-service men, a majority of whom served in the thirty-third division.

Referring to the new president, the Chicago paper said: "The president of the new unit was one of the first men in the state to organize a Legion post. During the war he served as a major of the medical corps. He was chief of the eye service base hospital at Camp Travis, Texas, and oculist in charge of the special medical examining board. He is also a veteran of the Spanish-American war."

RECEIVED NEWS OF

DEATH OF SISTER
Mrs. Mary Norrup of 341 West College street, received a message yesterday telling of the death of her sister, Mrs. Catherine Smith, at the family home in Guelph, Ontario. No particulars as to the cause of death were given.

OLD LETTER CONTAINS
INTERESTING PRICE FACTS

In looking over some old papers recently Dr. A. B. Applebee found a letter written on Sept. 8, 1834, to his grandfather, Rev. Benjamin Applebee, then pastor of a church at Knoxville, Ill. The letter was written by Robert Guest, of Young Hickory, Ohio, and gave some interesting facts about prices, then prevailing. The writer stated that he was considering the sale of his 300-acre farm at a price of \$30 per acre. This low price on farm land is especially interesting in view of the prices on some commodities which the writer gives. Wheat was then worth \$1.60 per bushel, corn 50c and oats 31 1-4c. The price of potatoes was quoted at 50c a bushel.

The writer referred to the fact that grade work was just commencing for the Pittsburg, Mayville & Cincinnati railroad, and stated that the road passed over a portion of his land.

CONDEMNATION SUIT
IS CONCLUDED

Community High School Condemnation Proceedings Brought to a Close Wednesday in Winchester—Other Items of Interest From Scott County.

Winchester, Feb. 23.—The community high school condemnation suit which has been grinding along in the county court for some days past, came to a conclusion Wednesday. The taking of testimony was concluded at noon and the case went to the jury at 4 o'clock. A verdict was reached at 9 o'clock fixing the damages of Mrs. Jessie Smith at \$4,300 and of John Patterson at \$4,000. Originally there were other parties to the suit but all had withdrawn with the exception of Mrs. Smith and Mr. Patterson.

Word was received here Wednesday of the death of Mrs. Ellen Woodall, which occurred at the home of her daughter, Mrs. Dan Keating, in Jacksonville. The deceased was a long time resident of Winchester and had many friends here, all of whom will regret to know of her death. A more extended obituary notice will appear later.

Funeral services will be held at 9 o'clock Friday morning from St. Mark's Catholic church in Winchester. Harry Gasen of Springfield, arrived Wednesday to visit at the home of his brother, R. R. Gasen and family.

The Odd Fellows entertained the members of their families Wednesday night, when a splendid program was presented under the direction of Mrs. David Hains. Further, the first number was a dramatization of Kate Douglas Wiggin's "Christmas Carol," with Mrs. William Baisley taking the part of Mrs. Ruggles.

The second number was "A Pair of Lunatics," played by Miss Kathleen Oehler and Harry Glosup. Then came two songs by Mrs. S. G. Smith, "Indian Love Song," and "Values." Next came "His Old Sweetheart," the Revue of a Bachelor," by S. G. Smith and a number of young women. This brought to a close the program, which was greatly enjoyed by all present. Each one taking part performed his or her task in a finished manner and the result was an evening of rare entertainment.

There will be a box social and entertainment at the Willow Branch school Friday, Feb. 25. Miss Elsie Lyons is the teacher. Fritz Haskell, chairman of the Winchester branch of the Red Cross, attended in Chicago last week the conference of the central division on nursing activities. The following report was brought back:

"The convention was especially for the chapter officers and the Red Cross workers. There were 120 delegates, presenting the 5 central states. The main purpose of the gathering was to emphasize the need of a peace time program, one that will bring about a better understanding among the chapters of the exact line of work the Red Cross intends to carry on. This is what is known as the public health program.

Scott county is placing special emphasis upon the work the Red Cross nurse, Miss Dow, is to do in the tuberculosis field, and the county tuberculosis board is urging to co-operate in giving financial assistance to the health work. Scott county is fortunate in having a nurse whose services are free to all.

The Red Cross has installed in their office here scales with measuring rod attached. Mothers are invited to bring their babies to the office to be weighed and start weight charts for the children, so it can be seen whether or not they are gaining normally.

The latest bulletin on child care and diet for children under 3 years of age may be obtained at the Red Cross free of charge, also the pamphlet sent out by the children's bureau on whooping cough, scarlet fever, measles and tuberculosis.

Miss Dow will be in the office generally from 3 to 5 o'clock afternoon. Phone 295.

\$200. Brunswick phonograph, with \$10 worth of records, (phonograph been slightly used, but cannot be told from new one) all for \$100. PEOPLES Furniture Co., 209 So. Sandy.

FAREWELL RECEPTION FOR

REV. AND MRS. COLLINS

A farewell reception was given at the Pilgrim Memorial last night by members of the Congregational church for Rev. and Mrs. W. E. Collins, who are soon to leave for Muskegon, Mich. A great many members and friends of the church were in attendance and an informal program was carried out. Groups of songs were given by Mrs. Helen Brown Read and Mr. J. Collins, with Willard Wesner as accompanist.

Brief talks were made by Rev. M. L. Pontius and Rev. W. H. Marbach. The ministers referred to the good work done Collins while in this community, especially in the building of the addition to the church, and said that his going would mean a distinct loss to the city.

At the close of the program an hour was spent in a social way, and at this time refreshments were served.

Country spare ribs and backbones.

ADD SOCIETY

Wednesday Class Met.

The regular meeting of the Wednesday class was held yesterday afternoon at the home of Mrs. Enslay Moore on West State street. Mrs. Paul Moriarity gave a very charming review of "Jerome," by Horace Walpole. After the interesting program, afternoon tea was served and a social hour enjoyed.

I. C. Dramatic Club Have Banquet.

The Dramatic club of Illinois college held a banquet last evening at the Peacock Inn. Covers were laid in the blue room for about twenty-five club members.

After an excellent menu had been served a business meeting was held, presided over by Edward Tanner, the vice-president. Plans were made for an out-door play to be presented by the club on the college campus this spring. The members plan to put on a Shakespearean play. It has been several years since a Shakespeare play has been given and the people of Jacksonville will be glad to know that the Dramatic club is planning to give one. Worthington Adams is the business manager of the club and also was the chairman of the committee for last evening's arrangements.

Murrayville High School Hold Basket Ball Benefit.

The students of the Murrayville High school celebrated Washington's birthday with a banquet and bazaar for the benefit of the basketball team.

There was an excellent program given in the afternoon and evening. The girls of the senior class were dressed as Marthas and the boys as Georges and they served a very delicious banquet to a large number of guests.

The High school girls had a bazaar and a candy booth and a silver offering was made during the evening for the basketball team. Over fifty dollars was taken in as the proceeds of this very successful affair. The Murrayville High school students show a lot of spirit and pep in the way they are backing their team.

Miss Ross Hostess to Queen Esther Society

Miss Ethel Ross entertained the members of the Queen Esther society of Grace M. E. church Tuesday evening at her home on Pine street. The whole affair was in keeping with Washington's birthday and proved a very enjoyable event for the twenty-five guests present.

There were several new and clever games played. Among them was a telegram contest in which the person writing the best telegram in the fewest words, received the prize. This prize was won by Mrs. Bagale. There was also a word contest in which the prize was given to the one getting the smallest number of words.

Delightful refreshments in keeping with the patriotic occasion, were served by the hostess in the course of the evening.

Entertain Friends at Sunday Dinner

Mr. and Mrs. Samuel Butler entertained about thirty of their relatives and friends at their beautiful country home south of the city last Sunday. At noon a sumptuous dinner was served and the afternoon spent socially.

Sorrill-Maul

Neil B. Sorrill and Miss Leila Maul were married at the home of Reverend M. L. Pontius at 1:30 Wednesday afternoon.

They were attended by Ernest Decker and Mary Bell Maul. Mr. and Mrs. Henry Sorrill also witnessed the ceremony. The groom is the youngest son of Mr. and Mrs. Henry Sorrill of the Shiloh neighborhood and is a well known young farmer. The bride is the daughter of Mr. and Mrs. Lewis Maul of Litterberry and is well known in the community in which she lives. They will reside on a farm two and one-half miles southwest of Litterberry.

Birthday Party for Katherine Hart

A surprise party was given Saturday evening at the home of Mr. and Mrs. Frank Hart, in honor of the thirteenth birthday of their daughter Katherine. The event was planned by Raymond Hart and was a very pleasant one for all present. Several hours were spent with games and music and delicious refreshments were served in the home. The evening was the cutting of a large birthday cake, lighted with thirteen candles, caused much merriment. Mildred Suter received the dime, Mildred Patterson the thimble, Helen Hart the ring and Rose Flynn the darning needle.

The guests were Mrs. Mrs. Myers and family; Mrs. R. F. Patterson and family; Stella Frost, Gertrude, Mildred and Thurman Coughlin, Floyd, Ralph, Anna and Orville and James Glossup, Frank, Montie, Helen and James Hart, Everett, Mildred and Gladys Suter, Russell Lovell, Velma Seymour, Rose Flynn, Thomas Lawless, Sam and George Wilds.

Mrs. Eula Virgin Hostess To Household Science Club

The Woodson Household Science club held their regular monthly meeting at the home of Mrs. Eula Virgin, Wednesday afternoon. On account of sickness not many members were present. The roll call was responded to with "How can we improve our class." The topic for discussion was social life, divided into four divisions. First, the home circle, Mrs. Alfa Trotter; second, the neighbors, Mrs. Eula Virgin; third, Hospitality, Mrs. Bessie McKean; fourth, Social Organization, Mrs. Florence Ranson. A number of selections were played on the Victrola. After the social

VELVET BEANS FOR CATTLE AND HOGS

Velvet beans are an important grazing crop for cattle and hogs in autumn and winter, according to specialists of the United States department of agriculture.

They are not grazed well by horses or mules, or by any livestock until they are well matured or frosted. As the leaves, vines, and pods decay but slowly when subjected to weather conditions, velvet beans will furnish feed until early spring. It is usually better to let the crop stand until it is well matured or until it is killed by frost as the leaves will be off the plants by that time and the corn which has been planted at the same time may be gathered with less difficulty.

The amount of grazing which will be afforded with, of course, vary with the growth of the crop and the quality of corn not gathered, but it is the custom with many cattlemen to allow an acre to one-half an acre a month for each steer or cow. The usual period for pasturing velvet beans is about three months, but this may be shortened or lengthened as deemed advisable. When the period is longer because of large acreage in proportion to the number of cattle there is necessarily some loss of feed through decay.

Hogs should be permitted to follow cattle as they will consume practically all the beans which the cattle fail to get. A common practice is to allow one or two hogs in addition to the cattle for each acre of beans. A good stand of velvet beans should produce about 150 pounds of beef and 100 pounds of pork per acre.

ARM INJURED BY CIRCULAR SAW

Joseph A. Walters Painfully Injured Yesterday—Muscles of Right Arm Cut to Bone.

Joseph A. Walters of Pennsylvania avenue, was painfully injured yesterday afternoon at the South Side Planing Mill, when his right arm was cut by a circular saw.

The accident occurred when the belt of the saw was slipping and Walters in trying to tighten it caught his arm between the revolving saws. The muscles of his right forearm were cut to the bone but the bones were not cut in two. The only thing which prevented the loss of his whole arm was the fact that Walters was able to pull his arm out in time.

The injured man was taken to Passavant hospital immediately and his injuries cared for by Dr. King. Mr. Walters, residing as well as could be expected under the circumstances.
